*NB: April was a partial month due to Cyclone Nora and mining did not commence until 17 April 2018

The Bauxite Hills Mine experienced a steady ramp-up during the quarter and is now approaching the budgeted operating rates and achieving very consistent results on a daily basis.

In particular:

- June mining rates averaged 8,167 WMT per day
- The trend in ship loading rates continue to rise with the last ship loading in 7.1 days

Metro is on track to meet its production and shipping guidance of 1.965 – 2.075Mt (WMT) for 2018 CY.

Commenting on this quarterly operating performance, Metro's Managing Director and Chief Executive Officer, Mr Simon Finnis, said:

“While it was a challenging start to the quarter, I am extremely proud of how the site team and our contract partners responded to resolving issues as they arose. All aspects of the operation have finished the quarter performing strongly, and I look forward to the project reaching targeted operating rates during the September quarter”.
