1. Daily rate based on mining commencement date of 2 April 2020. Mining commenced on a day shift only basis, with 24-hour mining operation implemented a week later.

2. Daily rate based on shipping commencement date of 14 April 2020

The strong start to 2020 continued with further excellent production results in May that, despite some minor weather delays during the month, again exceeded budget. It is expected that Metro Mining will comfortably achieve production guidance for the June 2020 quarter.

Metro Mining Managing Director and Chief Executive Officer, Simon Finnis, said:

“During these challenging times it is very pleasing to see these results, showing that the experience of the team on site is translating to greater productivity. We have significant stocks at the Port so we are well positioned to continue to produce at these higher levels “
